DETAILED ACTION

REPEATED REJECTIONS

1. The 35 U.S.C. 103(a) rejection of Claims 1 – 10 and 12 – 14 as being unpatentable over Robert et al (European Patent No. 1136536), of record on page 2 of the previous Action, is repeated.

ANSWERS TO APPLICANT'S ARGUMENTS

2. Applicant argues, on page 5 of the remarks dated May 11, 2006, that the terminal disclaimer which was filed on April 29, 2005, must be a disclaimer for all equivalent foreign cases having the same priority date, otherwise the disclaimer ceases to function in the manner anticipated in the law.

However, a terminal disclaimer only obviates a double patenting rejection, and therefore only overcomes a rejection under a United States patent.

Applicant also argues on page 5 that there is no limit to the amount of time that can be disclaimed.

However, as stated above, a terminal disclaimer overcomes a rejection under a United States patent.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 1772

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
